Rated 5 of 5 by Odarney of Creepy Small Game - Wow outstanding puzzles! This game is not easy - a real challenge. Very good turns and turns, Profrualo! Published date: 2020-03-18 Qualification 5 of 5 by Aliana 4711 of Ravenhearst Games are simply the best my star qualification is based on the termination of se and my own requirements. I have played all Ravenhearst games, they are my favorites. - The difficulty can be customized: I prefer to play texts, so I love it. You can choose tutorial, map problems, sparks, brightness, contextual icon, more element indicator, track and jump recharge time. - They were excellent. A little gloomy, but that is the type of Ravenhearst. - Very well. - music: decent. Background sounds. - Tools: You only have an interactive map. - History: Continuing of the oldest games. - Places: At first, you are in an asylum with 5 or 6 places. After escaping, he addresses Ravenhearst w / o need to return to asylum. The locations opened step by step. The articles are distributed in several places. There are many pleasant special effectsalong the way. Very well done. - HO's: Mostly, you have to look for an article according to the description. They were well done. - Mini games: just the best. I love these interactive puzzle-riddle-mini games. From my point of view, they are more challenging and interesting. - Challenge: The tasks were logical, so you can play w/or helping messages - just needing an anxious eye. It usually does not have too many items in your inventory, so the trial and error helps a lot. Not at all, it's quite difficult. The difficulty increases during the game, except the end, which was easy. - Duration: Okay. I needed between 6 and 7 hours to complete the game. Publication date: 2016-01-20 Rated 5 of 5 by GameMogg from My Christmas Holiday Gift - so it's worth so happy HOG's have changed - definitely for the best! I stopped playing games of hidden objects for a couple of years because although I loved exploring and discovering elements, I was completely tired of never ending up, meaningless, scraping scenes from HOG. I have no idea why someone would want to spend hours looking at garbage photos. Go, go, go! How things got better! This game and keys to Ravenhearst were both simply brilliant. HOGS were limited, short, imaginative, with interesting puzzles inside them. I was hoping to find them! The puzzles in the game were all feasible with a little thought and the super puzzles were awesome, but admittedly had to jump a couple of parts inside them, more because I wanted to know what was next, instead of feeling they were insolvable. I'll play both again to redo the super puzzles. The game was long, both Keys and Unlocked had an extremely generous game. History is not something I care about in any game, if I want a story, I'll read a novel, but I felt that the story keptuzzle together well. Creepy factor - asylum was deliciously uncomfortable and threatening, the medieval city, not at all. The work of art was crazy. socits;Átnaf sol o±AartxE .sod zev lat ,oneub ,FCM ed otirovaf ogeuj im noc ajeuq anu opnet aÁvadoT .dadinrete al rop esrpmor ebed retsilA ed amla led evalc al ,Áyurtsnoc roma le euq asac al ed satreup sal ed s;Árted sodidnocse soterces sol raeuqolbsed ed aroh sE ledrat odaisamed aes euq ed setna ranimret ebed ergnas ed aenÁl atse;Á ,setnateiuqni etnemlaugi nos acol atein us ed nylodnewG y ettolrahC y ,so±Áa etnarud opmeit led abeurp al oditsiser ah ramilaD retsilA lzev atse zev atse;Á ,odartsurf res ebed latromni esrevlov arap ocil³Ábaid nalp us y Áha rop ocol oredadrev nu yaH !Ílanosrep otirovaf im;Á(omsim ogitnoc n³Áisuscid anu redrep acnun y 101 socol esrevlov ,tekcaj ed sodun 1001 ,aroh al rapuco arap Áuqa sorbil sohcum yah euq oneub se ,opmeit nu Áuqa rate a sav euq eceraP !sodreuc sol arap rednetne ed elbisopmi se n³Áicautis atse euq etnedive se ,emoH ³Ámall zev anu ramilaD retsilA euq adlec amsim al ne odacoloc y retsehcnaM ed otutitsnI la odaiвне ,ocol odaredisnoc res ed s©Áupsed dadilatromni ed acaÁnam adeuqs³Áb anu ed 63moMnneP rop 5 ed 5 n³ÁicacifilaC 72-01-6102 :n³Áicacilbup ed ahceF .©Árpmoc sol on euq al rop n³Áazar acin³ÁA al .ettIL swodniW ne nartseum es euqrop raguj nedeup es on tsraehnevaR ed sogeuj soremirp soL .p ,selzzah-inim sodaminased y soneuB .©Áturfsid ol etnemlaeR ,oren©Ág us ed ogeuj rojem le etnemeibaborp se odaeuqolbsed tsraehnevaR ogeuj neub yum ed retaksij rop 5 ed 5 n³ÁicacifilaC 12-21-6102 :n³Áicacilbup ed ahceF ,ogeuj etse abeurp ,sgoH odnative odatse sah iS ,sarpmoc sim noc odatnacne abatse ,lareneg nE .): sazebacepmor revloser narajed em y narallac es sodot euq áÁrrefeerp orep ,nalbah euq sanecse sal noc are altselom acin³ÁA al ,ovisurtni on y odalporpa ,ogeuj la noragerga eS ,etse noc áAratnetni ol euq ©Ásnep orep ,odinos noc ooot on etnemiamroN ,olrecah la adan Ádrep on y n³Áicaro aremirp al ed s©Áupsed sodom sodot ed aÁratlas sol ,otnat on setnalrap senoicamina sal ,sosomreh sazebacepmor soL ,ocir y for which this series is known, and the collectors in the last episode episodeMuch better than collecting the 40 headlights in this episode. (Collector Edition only) At least they brought Alistar's enigma with those progressively differ of playing puzzles, and of course there is a lot of signs inventory elements to combine. The scenes of hidden objects are really entertaining, ranging from interactive lists findings, to progressive silhouettes in which you find elements that coincide with the silhouettes and then use the elements within the scene, solving several puzzles and zone of the area Mini Hop's. To put it lightly, they are fantastic. The mini games are the characteristic that makes MCF stand out from the other Hoba games, are intelligent, fun, of several layers and sometimes even very complicated. The following is a list of short descriptions of some of the games that will find: 1) Turn 4 triples to achieve the right shapes shown. 2) Organize the women correctly according to their disorders. 3) Connect the cables with matching symbols. 4) Move a file along each line without overlapping. 5) A PAC-MAN type game where you move your character choice to gather all the pages without being trapped. 6) Move the cards to your matching slots. 7) Enter the code on the keyboard using a diagram. The collector's edition has 11 achievements, 15 puzzles of hidden reproducible objects, 21 reproducible puzzles, 10 videos of movies, 8 photos of conceptual art, 8 wallpapers, details of the scene, 7 musical sound bands, 40 collectible celebrities, A memories, a built -in strategy guide.
